Final presentation held on August 6th and 7th

By Dr. Tatsuya Azuhata, Director of IISEE

From August 6th to 7th, we held the final presentation for individual study of 2019-2020 regular course. The final presentation is jointly conducted by three courses: seismology, earthquake engineering, and tsunami disaster mitigation. We hope that the participants will be interested not only in their specialty but also in research trends in other fields related to earthquake disaster mitigation and find out the significance and role of their research from a broader perspective. To prevent coronavirus infection, we needed to take various measures. For example, we requested the speaker to wear a faceguard. We will publish abstracts of all researches and some videos of presentations on the IISEE website soon.

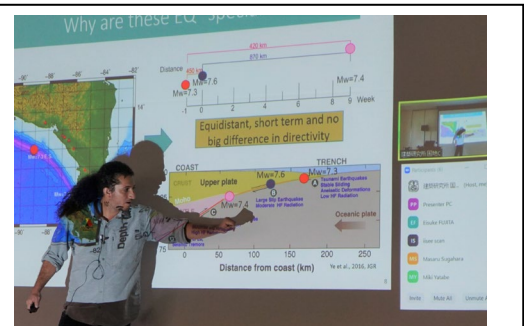

Mr. NUROKHIM Arif from Indonesia, Tsunami Disaster Mitigation course

Mr. Pema from Bhutan, Earthquake Engineering course

Mr. BISWAS Rajib Kanti from Bangladesh, Earthquake Engineering course

Mr. GONZALEZ ILAMA Gino Steven from Costa Rica, Seismology course

Enjoy, Now

Call for Papers

IISEE Bulletin is now accepting submissions of papers for the seismology, earthquake engineering, and tsunami. Developing countries are targeted, but are not limited. Your original papers will be reviewed by the editorial members and some experts. NO submission fee is needed. Try to challenge!

Contact Us

The IISEE Newsletter is intended to act as a go-between for IISEE and ex-participants.

We encourage you to contribute a report and an article to this newsletter. Please let us know your current activities in your countries.

We also welcome your co-workers and friends to register our mailing list.

Year Book vol.35 2020

By Mr. Takahiro Yamada Head of Administration Division, IISEE

As you know, IISEE publishes "YEAR BOOK" every two years.

You can download Response sheet from our HP.

Download : <https://iisee.kenken.go.jp/?p=down>

We will send Response sheet to ex-participants. Please send it back to us. iisee@kenken.go.jp

Year book will not be published as a booklet from this year because of the following reasons:

-There are some countries where overseas shipment is unstable or unavailable due to COVID-19.

-To reduce the use of paper for saving the environment.

Ex-participants can obtain the information in the Year book on request basis.

If you would like to get the information, please send us the response sheet below, together with your (1) purpose of use and (2) reason (why you need them).

Please note that your personal information will be strictly protected and could only be disclosed with your written permission.

If you haven't finished sending it, please reply to us by September 30, 2020.

Thank you very much for your kind cooperation.

To change registered e-mail address

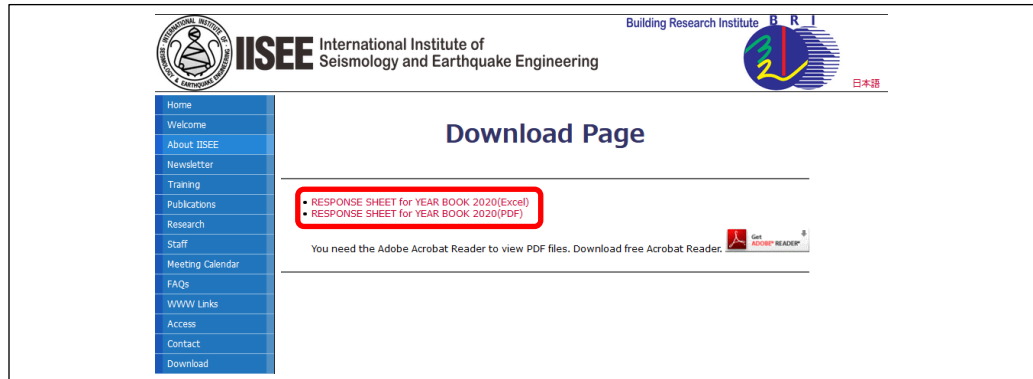

Please contact us when you have adjusted your e-mail address to receive IISEEnewsletter: iiseenews@kenken.go.jp
